Academic background

- Ph.D. Environmental Sciences (1998) - Science and technologies for water, National School of Civil Engineering (ENPC), France
- Environmental engineer (1988) – Environmental technologies, University for life science Wageningen (WAU), The Netherlands
- Master Electronic edition (1999), University Paris 8 St. Denis, France

Recent research activity

- LEESU ENPC University Paris-Est (2015) Research project Roulepur, WSUDs for urban runoff treatment. Project Execution
- LEESU ENPC University Paris-Est / Foundation H2o Paris (2014 -), Research project PICRI, Urban water re-invented : construction of a participative indicator for urban hydromorphology Project coordination.
- LEESU ENPC University Paris-Est (2011- 2014) Research project GESELL Ancres, The role of soil in on site waste water treatment. Coordinator of work package waste water treatment.
- EHR UFMG (2012 – 2013) Research project MAPLU, Rainwater management in the city of Belo Horizonte. Expertise set up of sampling system and procedures for pollutant flux measurement
- LEESU ENPC University Paris-Est (2010 - 2013) Research project R2DS : Green roofs for rain water management (TVGEP). Coordinator of work package pollutant flux evaluation.

Research experience

- Co-ordination of research project "Towards better implication of civil society in water management at Ile-de-France" Evaluation of co-production of scientific knowledge by scientific and civil society - project PICRI CRIF. (University Paris-Est, LEESU ENPC & Association H2o France). (2008 – 2009) picri.h2o.net
- Management of urban water program in the city of Belo Horizonte (MG) within the European program Switch (UFMG EHR Brazil). Technical and social monitoring for artificial wetland construction (2007 -2008) www.switchurbanwater.eu
- Environmental impact of urban runoff. Field study within the framework of European project Day-Water: CEREVE- ENPC France (2002 - 2005) www.daywater.org
- Waste water and excreta management in urban areas of West Africa for better and safer reuse. Co-ordination of research program on stabilization ponds and reuse in urban agriculture - CEREVE- ENPC France, MEDD, Ps-Eau (2001 – 2003) www.pseau.org

- The fate of organic matter in the river Seine after a combined sewer overflow (CSO) CSO. Evaluation of CSO's for better management of the river water quality. Thesis:CEREVE - ENPC, France (1993-1998).
- Zinc toxicity to unicellular green algae. Contribution to free ion model. INRS-Eau Québec, University Quebec, Canada (1995).
- Pilote study of combined sewer overflow impacts in receiving waters. Heavy metal release from discharged solids. Bioaccumulation of heavy metals by green algae. LABAM, University Paris 12 (UPVM), France (1991-1993)
- Nitrogen as key element in eutrophication control. Staring Center for Integrated Land, Soil and Water Research; Wageningen, the Netherlands (1990-1991).

Doctoral students

- TRINH Claire (2013 -) Valorisation du réseau d'eau non potable : Contribution à une gestion plus durable des ressources en eau. L'exemple parisien. (Dual water networks for more sustainable management of water resources. The case of Paris.) Doctorat UPE, ED VTT sous direction de Gilles Hubert
- FERREIRA DA COSTA Jocilene (2009 - 2013) Mecanismos envolvidos na remoção de nutrientes de esgoto sanitários em um sistema de wetlands construídas vegetadas e não vegetadas atuando como pós - tratamento de efluentes de reator UASB. Doutorado UFMG, Brasil ED SMARH sous direction Marcos von Sperling
- NAAH Marielle (2008 -2013) Impact du développement urbain du bassin de la Mingoia sur le Lac Municipal de Yaoundé (Cameroun) – Impact of urban development on the lake of Yaounde (Cameroon). Doctorat Université Paris-Est ENPC, France (ED SIE) sous direction de Bruno Tassin
- CARMO LUIZ DA SILVA Andre Henrique (2007 - 2008) Tratamento de poluição difusa por trincheiras de infiltração. **Mestrado** UFMG Belo Horizonte Brasil (SMARH) sous direction de Nilo Nascimento
- CASTRO de VEIRA (2007 - 2008) Paulo Avaliação das condições de qualidade da água em tempo seco e durante eventos de chuvas em uma microbacia urbanizada no município de Belo Horizonte. **Mestrado** Universidade Federal de Minas Gerais Brasil (SMARH) sous direction de Marcos Von Sperling.

Teaching (present and passed)

- Water and sanitation in developing countries – University Paris-Est ENPC, (*since 2006*) *Master SGE SAGE*
- Water, science and society - University Paris-Est ENPC, (*since 2006*) *Master SGE SAGE*
- Hydro system functioning and surface water quality - INAPG Agro ParisTech (*since 2006*) *Master GTESD*,
- Waste water engineering - PFE, Pont Formation Edition, Ecole des Ponts ParisTech (*since 2003*): *Professional training and masters course*
- World Wide Web for dissemination of scientific knowledge - Doctoral School VTT, University Paris-Est ENPC (*since 2004 - 2012*): *Ph.D. courses*

- Sustainable Urban Drainage Systems – University Marne-la-Vallée (*since 2010*) *Master Urban management*,
- Diffuse pollution (*2007*) UFMG, Federal University Minas Gerais, SMARH, *Ph.D. courses*
- Environmental measurements - Ecotoxicology and Water quality. (*2002-2006*), National School of Civil Engineering, France *Engineering courses*
- Water quality in an urbanized watershed. (*1998-2005*) CNED, National Centre for Distance Education, Paris France *Courses MASTER1 level*

- Hydro system functioning and surface water quality . (2005) ISIGE, Institut Supérieur de l'Ingénierie et de Gestion de l'Environnement, France. *Specialized masters course*
- Basics of aquatic ecotoxicologie. (2000 - 2001), Central University of Venezuela, (UCV) Instituto de Zoologia Tropical (IZT) Caracas Venezuela and Centroccidental University Lisandro Alvarado (UCLA), Barquisimeto Venezuela *Ph.D. courses*
- Environmental chemistry & Physico-chemical sensors. (1994-1996). University Paris 12, France *Applied courses for third year students*
- Science and society. Applied techniques in the agro-alimentary industry. (1986-1988). Wageningen University for life science, The Netherlands *Applied courses for first year students*

Missions of expertise

- Organization of 9the Workshop on urban waters, WWW-YES 2009 Brazil, Belo Horizonte Brazil. LEESU Ecole des Ponts ParisTech / UFMG EHR (2009)
- Capacity Building in Integrated Water Resource Management through European program Alfa (Colombia and Peru). Missions Cereve ENPC Paris / IHE Delft (2004 -2007)
- Study on essential WATSAN services of low income households in Belo Horizonte (Brazil). Expertise for ISTED / PsEau / H2o Paris (2006).
- Proposition of sewage system for a low income suburb of Havana in the framework of French decentralized cooperation (Cuba). Expertise for Cuba Cooperation /SIAAP(2005)
- Organization of Workshop on stabilization ponds, Enviro Water 2002, Ouagadougou Burkina Faso Cereve ENPC (2002)
- Prospective evaluation of waste water treatment using stabilization ponds and macrophytes for the city of Niamey (Niger). Expertise for Aquadev International Bruxelles. (2002)

Complementary know-how

- Technical expertise and capacity building in waste water treatment and sanitation: West Africa (Burkina Faso, Niger, Togo & Benin) & Latin America (Brazil, Cuba, Colombia, Peru & Venezuela).
- Organisation of national and international scientific events
- Proposal writing for national and international calls for scientific research : ACI, ANR, PICRI, ECOS & FP6 (CA, STREP, SCF), CAPES – COFECUB ...
- Peer reviewing : Water Science and Technology, Environmental Pollution
- Expertise in set-up of internet interfaces for vulgarization of scientific knowledge and management of research projects
- Member of IWA, IAHS & ASTEE
- Management of NGO's, prospective and fundraising for environmental projects

Languages

French -fluent, Dutch -fluent, English -fluent,
Portuguese -good, Spanish -good, Czech -good,
